CONNECTION WITH THE EUROPEAN UNION

Please provide information regarding the primary affiliation and/or connection of the company with the European Union

- Subsidiary of a company based in the European Union
- Engaged in a commercial relationship in the European Union
- Investors in the European Union
- Intend to engage in a commercial relationship in the European Union
- Intend to get investors in the European Union

EUROPA AWARD CATEGORIES

Please specify below the award category or categories the company is applying for.
Select of a maximum of two (2) categories

- Best Sustainability Reporting
- Best Innovation in Sustainability
- Best Social Impact
- Best Environmental Impact
- Best Sustainable Business Leader (Awarded to an individual)

BEST SUSTAINABILITY REPORTING

GENERAL INFORMATION OF THE SUSTAINABILITY REPORT

Did the company publish a Report on Sustainability/Corporate Social Responsibility in 2019?

- Yes No

Include the name of the attached file or document link

Choose File No file chosen

For how long has the company been publishing a Report on Sustainability/Corporate Social Responsibility? Please specify first reporting year.

2000 ▼

What is the frequency of disclosure of the Report on Sustainability/Corporate Social Responsibility?

- Every year
 Every two(2) years
 Other Please specify

Does the Report on Sustainability/Corporate Social Responsibility cover the following topics?

- Employee-related information (employee welfare, learning and development, diversity, etc.)
 Environmental information (energy, pollution, greenhouse gas, etc.)
 Societal information (local communities, ethics, supply chain, etc.)
 Others Please specify

CONTENT OF THE SUSTAINABILITY REPORT

Does the Report on Sustainability/Corporate Social Responsibility describe the impacts and significant sustainability issues for the company?

- Yes No

Does the Report on Sustainability/Corporate Social Responsibility describe actions/measures taken for significant sustainability issues for the company?

- Yes No

Does the Report on Sustainability/Corporate Social Responsibility describe the company's sustainability strategy?

- Yes No

NOMINATIONS ENTRY FORM

Does the Report on Sustainability/Corporate Social Responsibility include objectives related to sustainability?

Yes No

Does the Report on Sustainability/Corporate Social Responsibility include indicators related to sustainability?

Yes No

Is the Report on Sustainability/Corporate Social Responsibility aligned with internationally recognised sustainability standards or guidelines?

- Global Reporting Initiative
- ISO 26000
- United Nations Global Compact
- United Nations Sustainable Development Goals
- Others

BEST INNOVATION IN SUSTAINABILITY

DETAILED INFORMATION ABOUT THE INNOVATION

How is the innovation responding to an existing environmental and/or social need (max. 150 words)?

How is the innovation different from any alternatives (max. 150 words)?

What is the local and world wide market potential of the innovation (annual sales, etc.) (max. 150 words)?

BEST SOCIAL IMPACT

GENERAL INFORMATION ABOUT THE PROJECT OR INITIATIVE

What is the name of the project or initiative bringing positive social impact?

Was the project or initiative implemented in 2019?

Yes No

What stakeholder group(s) are benefiting from the project or initiative?

- Company employees
 Communities
 Customers/consumers
 Others

Describe the project or initiative (max. 150 words)

DETAILED INFORMATION ABOUT THE PROJECT OR INITIATIVE

What social improvement(s) is the project or initiative bringing?

- | | |
|--|---|
| <input type="checkbox"/> Health and safety | <input type="checkbox"/> Training and education |
| <input type="checkbox"/> Living conditions | <input type="checkbox"/> Access to food or water |
| <input type="checkbox"/> Labour rights | <input type="checkbox"/> Freedom of association |
| <input type="checkbox"/> Human rights | <input type="checkbox"/> Work-life balance |
| <input type="checkbox"/> Diversity and inclusion | <input type="checkbox"/> Others <input type="text" value="Please specify"/> |

Explain the positive impact of the project or initiative using measurable results (number of beneficiaries, savings or improvements for beneficiaries, etc.) (max. 150 words)

Were there any savings for the company associated with the project or initiative (max. 150 words)

BEST ENVIRONMENTAL IMPACT

GENERAL INFORMATION ABOUT THE PROJECT OR INITIATIVE

What is the name of the project or initiative bringing positive environmental impact?

Was the project or initiative implemented in 2019?

Yes

No

Describe the project or initiative (max. 150 words)

DETAILED INFORMATION ABOUT THE PROJECT OR INITIATIVE

What environmental issue(s) does the project address?

Greenhouse gas emissions

Waste management

Air pollution

Energy management

Water pollution

Biodiversity

Resource management

Others

Land management

Explain the positive impact of the project or initiative using measurable results (energy savings, water savings, emissions reduction, etc.) (max. 150 words)

Were there any savings for the company associated with the project or initiative (max. 150 words)

BEST SUSTAINABILITY LEADER (awarded to an individual)

GENERAL INFORMATION ABOUT THE APPLICANT

Name

Position

Department

Address

City/Country

Email

Landline Phone

Include country code

Mobile Phone

Include country code

Has the applicant been involved in any sustainability-related initiatives in 2019?

Yes

No

Why does the applicant deserve to win this award? (max. 150 words)

DETAILED INFORMATION ABOUT THE APPLICANT

Describe the sustainability-related projects or initiatives the applicant was involved in 2019 outside his/her organisation (max. 150 words)

Describe the sustainability-related partnerships with local or international organisations the applicant was involved in 2019 (max. 150 words)

NOMINATIONS ENTRY FORM

Describe the sustainability-related events, seminars, reports or surveys the applicant was involved in 2019 (max. 150 words)

Describe the impact of the initiatives the applicant was involved in 2019 (how many people were reached or influenced? were the initiatives at a local, national or international level?) (max. 150 words)

Sustainable Development Goals

Goals

Does your initiative target any of the work areas that fall under the Sustainable Development Goals?

Sustainable Development Goals

State the indicator(s)

17.6.2

17.7.1

17.8.1

17.14.1

11.17.1

11.19.1

Does your initiative target any of the work areas that fall under the Sustainable Development Goals?

What is the rationale of targeting these areas of work?

SDG 1 – POVERTY ERADICATION

Possible company level indicators	
1.1.1	Percentage/number of beneficiaries living under the poverty line within target communities, by sex, age, employment status and urban/rural locations
1.2.1	Percentage/number of beneficiaries living below the national poverty line within target communities, by sex and age
1.2.2	Percentage/number of beneficiaries living in poverty in all its dimensions as defined nationally within target communities
1.3.1	Percentage/number of people with social protection system within target communities, segregated by sex, distinguished by age, employment, disability and socio-economic status
1.4.1	Percentage/number of beneficiaries living in households with access to basic services within target communities
1.4.2	Percentage/number of adults beneficiaries within target communities with secure tenure rights to land, with legally recognised documentation, and who feels secure in their rights to land, by sex and type of tenure
1.5.1	Number of deaths, missing persons and people affected by disasters within target communities
1.5.2	Direct economic loss caused by disasters within target communities
1.5.3	Number of communities/households within target areas with disaster risk reduction strategies
1.A.1	Percentage/amount of resources allocated by your company directly to poverty reduction activities
1.A.2	Percentage/amount of total company spending on essential services like education, health and social protection
1.B.1	Percentage/amount of company's recurrent and capital spending to sectors that benefit women, the poor and vulnerable groups more

SDG 2 – END HUNGER, ACHIEVE FOOD SECURITY AND IMPROVED NUTRITION AND PROMOTE SUSTAINABLE AGRICULTURE

Possible company level indicators	
2.1.1	Percentage/number of undernourished beneficiaries within target communities
2.1.2	Percentage/number of beneficiaries who self -reported change in food consumption pattern due to lack of access to food within target communities
2.2.1	Percentage/number of stunted (low height for age) children under 5 years old within target communities
2.2.2	Percentage/number of children under 5 years old who are either wasting (low weight for height) or overweight within target communities
2.3.1	Volume of agricultural production per labour unit in target communities, by enterprise size
2.3.2	Average income of small scale food producers, by sex and indigenous status, within target communities
2.4.1	Percentage of agricultural land under productive and sustainable agriculture
2.5.1	Number of plant and animal genetic resources for food and agriculture secured at seed and plant banks
2.5.2	Percentage/number of local breeds classified as being at risk, not -at-risk or at unknown risk level of extinction
2.A.1	Ratio of company investment expenditure in agriculture -oriented activities to share of revenue from agricultural activities
2.A.2	Total company spending for agricultural assistance
2.C.1	Indicator of food price anomalies

Possible company level indicators	
3.1.1	Maternal mortality ratio/incidences within target communities
3.1.2	Percentage/number of births attended by skilled health personnel
3.2.1	Under-five mortality rate/incidences within target communities
3.2.2	Neonatal mortality rate/incidences within target communities
3.3.1	Number of new HIV infections within target communities, by gender, age and key population
3.3.2	Tuberculosis incidence within communities
3.3.3	Malaria incidence within target communities
3.3.4	Hepatitis B incidence within target communities
3.3.5	Number of people requiring interventions against neglected tropical diseases within target communities
3.4.1	Mortality rate/incidences attributed to cardiovascular disease, cancer, diabetes or chronic respiratory disease within target communities
3.4.2	Suicide mortality rate/incidences within target communities
3.5.1	Number of beneficiaries within target communities receiving treatment intervention for substance use disorder, and types of intervention (pharmacological, psychosocial and rehabilitation and aftercare services)
3.5.2	Harmful use of alcohol, defined according to the national context as alcohol per capita consumption (aged 15 years and older) within a calendar year in litres of pure alcohol
3.6.1	Death rate/incidences due to road traffic injuries within target communities
3.7.1	Percentage/number of women receiving modern family planning assistance
3.7.2	Adolescent birth rate/incidences (aged 10-14 years; aged 15-19 years) within target communities
3.8.1	Coverage of access to essential health services for reproductive, maternal, newborn, children, infectious and non-communicable diseases, by general population and disadvantage population
3.8.2	Percentage of households in target communities with large expenditure on health as a share of total expenditure or income.
3.9.1	Incidences of death attributed to air pollution at home or outside of home
3.9.2	Incidences of death attributed to unsafe water, unsafe sanitation, and lack of hygiene services
3.9.3	Incidences of death attributed to unintentional poisoning
3.A.1	Prevalence of tobacco use among persons aged 15 and older
3.B.1	Percentage of target community with access to affordable medicines and vaccines
3.B.2	Total company spending to medical research and basic health sectors

SDG 4 – ENSURE INCLUSIVE AND EQUITABLE QUALITY EDUCATION AND PROMOTE LIFELONG LEARNING OPPORTUNITIES FOR ALL

Possible company level indicators	
4.1.1	Percentage/number of children and young people (a) in Standard 1; (b) at the end of primary; (c) at the end of lower secondary with at minimum reading and mathematics skills, in the target communities, by sex
4.2.1	Percentage/number of children under 5 years of age in the target communities, whose developing is on track health-, learning- and psychosocial-wise, by sex.
4.2.2	Participation rate in the target communities in pre-school organised learning, by sex.
4.3.1	Participation rate of youth and adults in the target communities in formal and non-formal education and training in the last 12 months, by sex.
4.4.1	Percentage/number of youth and adults in the target communities with ICT skills, by type of skills.
4.5.1	Parity indices for the target communities for female/male, rural/urban, bottom/top wealth quintile, as well as disability, indigenous, conflict affected statuses, for all education indicators on this list that can be disaggregated.
4.6.1	Percentage/number of people in a given age groups in the target communities with at least a fixed level of proficiency in functional (a) literacy and (b) numeracy skills, by sex.
4.A.1	Percentage/number of schools within target communities that have access to (a) electricity, (b) internet for educational purposes, (c) computer for educational purposes, (d) disability-adapted infrastructure, (e) basic drinking water, (f) single-sex basic sanitation facilities, and (g) basic handwashing facilities.
4.C.1	Percentage/number of (a) pre-primary, (b) primary, (c) lower secondary and (d) upper secondary teachers in target communities with at least minimum organised teacher training required in the country.

SDG 5 – ACHIEVE GENDER EQUALITY AND EMPOWER ALL WOMEN AND GIRLS

Possible company level indicators	
5.2.1	Percentage/number of women and girls aged 15 and older who has ever had partners in the target communities who has been subjected to physical, sexual and psychological violence by their intimate partners in the previous 12 months, by form of violence and age
5.2.2	Percentage/number of women and girls aged 15 and older in the target communities who has been subjected to sexual violence by persons other than their intimate partners in the previous 12 months, by age and place of occurrence.
5.3.1	Percentage/number of women aged 20-24 in the target communities who were married or in union before age 15 and 18.
5.3.2	Percentage/number of girls and women aged 15-49 years in the target communities who have gone through genital mutilation/cutting, by age
5.4.1	Percentage/amount of time spent by people in the target communities on unpaid domestic and care work, by sex, age and location
5.5.1	Percentage/number of seats held by women in national and local governments in target communities
5.5.2	Percentage/number of women in managerial positions in target communities
5.6.1	Percentage/number of women aged 15-49 years in the target communities who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care
5.4.1	Percentage/number of (a) agricultural population in target communities with ownership or secure rights over agricultural land, by gender, and (b) women owners or right bearer of agricultural land in target communities, by type of tenure
5.B.1	Percentage of individuals in target communities with mobile phone, by gender

SDG 6 – ENSURE AVAILABILITY AND SUSTAINABLE MANAGEMENT OF WATER AND SANITATION FOR ALL

Possible company level indicators	
6.1.1	Percentage/number of people in target communities with access to safely managed drinking water services
6.2.1	Percentage/number of people in target communities using safely managed sanitation services, including hand washing facilities with soap and water
6.3.1	Percentage of wastewater safely treated in the target communities
6.3.2	Percentage of bodies of water with good ambient water quality in the target areas
6.4.2	Level of water stress: freshwater withdrawal as a proportion of available freshwater resources in the target areas
6.5.1	Degree of integrated water resources management implementation in the target areas
6.5.2	Percentage/number of transboundary basin area with an operational arrangement for water cooperation in the target areas
6.6.1	Change in the extent of water-related ecosystems over time in the target areas
6.B.1	Percentage/number of local administration units with established and operational policies and procedures for participation of local communities in water and sanitation management in the target areas

SDG 7 – ENSURE ACCESS TO AFFORDABLE, RELIABLE, SUSTAINABLE AND MODERN ENERGY FOR ALL

Possible company level indicators	
7.1.1	Percentage/number of people with access to electricity in the target communities
7.1.2	Percentage/number of people with primary reliance on clean fuels and technology in the target communities
7.2.1	The share of renewable energy in the total energy consumption in the target communities
7.A.1	Annual mobilised amount in US dollar by the company that is accountable towards financing of climate-related activities

SDG 8 – PROMOTE SUSTAINED, INCLUSIVE AND SUSTAINABLE ECONOMIC GROWTH, FULL AND PRODUCTIVE EMPLOYMENT AND DECENT WORK FOR ALL

Possible company level indicators	
8.1.1	Annual growth rate of real GDP per capita in the target communities
8.2.1	Annual growth rate of real GDP per employed person
8.3.1	Percentage/number of people employed informally in non-agriculture employment, by sex
8.5.1	Average hourly earnings of female and male employees of target communities, by occupation, age and disability status
8.5.2	Unemployment rate of the target communities, by sex, age and disability status
8.6.1	Percentage/number of youth aged 15-24 in the target communities who are not in education, employment or training
8.7.1	Percentage and number of children aged 5-17 year in target communities who are engaged in child labour, by sex and age
8.8.1	Frequency rate of fatal and non-fatal occupational injuries in target communities, by sex and migrant status
8.9.2	Number of jobs in tourism in target areas as a proportion of total jobs and growth rate of jobs, by sex
8.10.2	Percentage/number of adults (15 years and older) in target communities with an account at a bank, other financial institution or a mobile-money service provider

SDG 9 – BUILD RESILIENT INFRASTRUCTURE, PROMOTE INCLUSIVE AND SUSTAINABLE INDUSTRIALIZATION AND FOSTER INNOVATION

Possible company level indicators	
9.1.1	Percentage of the rural population in target communities who live within 2 km of an all-season road
9.1.2	Passenger and freight volumes in target communities, by mode of transport
9.2.2	Manufacturing employment as a proportion of total employment in target areas
9.3.1	Proportion of small-scale industries in total industry value added in target communities
9.3.2	Proportion of small-scale industries in the target communities with a loan or a line credit
9.C.1	Proportion of population in target communities covered by a mobile network, by technology

SDG 10 – REDUCE INEQUALITY WITHIN AND AMONG COUNTRIES

Possible company level indicators	
10.1.1	Growth rate of household expenditure or income per capita among the bottom 40 percent of the population in target communities and the total national population
10.2.1	Proportion/number of people living below 50 percent of national median income in target communities, by age, sex and disability status
10.3.1	Proportion/number of people in the target communities reporting having personally felt discriminated against or harassed within the previous 12 months
10.7.1	Recruitment cost borne by employee in target communities as a proportion of yearly income earned in country of destination
10.C.1	Remittance cost borne by target communities as a proportion of the amount remitted

SDG 11 – PROPORTION OF URBAN POPULATION IN TARGET COMMUNITIES LIVING IN SLUMS, INFORMAL SETTLEMENTS OR INADEQUATE HOUSING

Possible company level indicators	
11.1.1	Proportion of urban population in target communities living in slums, informal settlements or inadequate housing
11.2.1	Proportion of population in target communities that has convenient access to public transport, by sex, age and disability status
11.3.1	Ratio of land consumption rate to population growth rate in target areas
11.3.2	Proportion/number of cities in target areas with a direct participation structure of civil society in urban planning and management that operate regularly and democratically
11.4.1	Total company expenditure spent on the preservation, protection and conservation of all cultural and natural heritage, by type of heritage (cultural, natural, mixed and World Heritage Centre designation) and type of expenditure (operating expenditure/investment).
11.5.1	Number of deaths, missing persons and persons affected by disaster in target communities
11.5.2	Direct disaster economic loss in target communities in relations to national GDP, including disaster damage to critical infrastructure and disruption of basic services
11.6.1	Proportion of urban solid waste in target areas regularly collected and with adequate final discharge, out of total urban solid waste generated
11.6.2	Annual mean levels of fine particulate matter (e.g. PM2.5 and PM10) in cities (population weighted) within target areas
11.7.1	Share of the built up area of cities within target areas that is open space for public use for all, by sex, age and disability status
11.7.2	Proportion/number of persons in target communities who are victims of physical or sexual harassment in the previous 12 months, by sex, age, disability status and place of occurrence
11.A.1	Proportion of population living in cities within target areas that are implementing urban and regional development plans integrating population and resource needs, by size of city
11.B.1	Proportion/number of local governments within target areas that adopt and implement local disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2030a
11.B.2	Number of communities/households within target areas with disaster risk reduction strategies

SDG 12 – ENSURE SUSTAINABLE CONSUMPTION AND PRODUCTION PATTERNS

Possible company level indicators	
12.1.1	Sustainable consumption and production (SCP) action plan by company or SCP mainstreamed as a priority or target in company policies
12.3.1	Rate of growth of food loss in target communities
12.4.1	Hazardous waste generated per capita and proportion of hazardous waste treated, by type of treatment, in target areas
12.5.1	Local recycling rate, tons of material recycled, in target areas
12.6.1	Sustainability reporting by company
12.7.1	Sustainable procurement policies and action plans by company
12.A.1	Amount of support on research and development for sustainable consumption and production and environmentally sound technologies

SDG 13 – TAKE URGENT ACTION TO COMBAT CLIMATE CHANGE AND ITS IMPACTS*

Possible company level indicators	
13.1.1	Number of deaths, missing persons and persons affected by disaster in target communities
13.1.2	Number of communities/households within target areas with disaster risk reduction strategies
13.1.3	Proportion/number of local governments within target areas that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies
13.A.1	Annual mobilised amount in US dollar by the company that is accountable towards financing of climate-related activities

SDG 14 – CONSERVE AND SUSTAINABLY USE THE OCEANS, SEAS AND MARINE RESOURCES FOR SUSTAINABLE DEVELOPMENT

Possible company level indicators	
14.1.1	Local index of coastal eutrophication and floating plastic debris density in target areas
14.3.1	Average marine acidity (pH) measured at agreed suite of representative sampling stations
14.4.1	Proportion of fish stocks within biologically sustainable levels in target areas
14.7.1	Percentage of contribution of sustainable fisheries to local income in target communities
14.A.1	Proportion of company research budget allocated to research in the field of marine technology

SDG 15 – PROTECT, RESTORE AND PROMOTE SUSTAINABLE USE OF TERRESTRIAL ECOSYSTEMS, SUSTAINABLY MANAGE FORESTS, COMBAT DESERTIFICATION, AND HALT AND REVERSE LAND DEGRADATION AND HALT BIODIVERSITY LOSS

Possible company level indicators	
15.1.1	Forest area as a proportion of total land area within target areas
15.2.1	Company contribution towards sustainable forest management
15.3.1	Proportion of land that is degraded over total land area within target areas
15.4.2	Changes in green vegetation cover of mountain areas within target areas
15.5.1	Changes in conservation status and trends in extinction of major species groups found in target areas over time
15.7.1	Proportion/number of cases of traded wildlife that was poached or illicitly trafficked within target areas/communities
15.C.1	Proportion/number of cases of traded wildlife that was poached or illicitly trafficked within target areas/communities

SDG 16 – PROMOTE PEACEFUL AND INCLUSIVE SOCIETIES FOR SUSTAINABLE DEVELOPMENT, PROVIDE ACCESS TO JUSTICE FOR ALL AND BUILD EFFECTIVE, ACCOUNTABLE AND INCLUSIVE INSTITUTIONS AT ALL LEVELS

Possible company level indicators	
16.1.1	Number of victims of intentional homicide in target communities, by sex and age
16.1.2	Number of conflict-related deaths in target communities, by sex, age and cause
16.1.3	Proportion of population in target communities subjected to psychological or sexual violence in the previous 12 months
16.1.4	Proportion of target communities that feel safe walking alone around the area they live
16.2.1	Proportion of children aged 1-17 years within target communities who experienced any physical punishment and/or psychological aggression by caregivers in the past month
16.2.2	Number of victims of human trafficking in target communities, by sex, age and form of exploitation
16.2.3	Proportion of young women and men aged 18-29 years within target communities who experienced sexual violence by age 18
16.3.1	Proportions of victims of violence within the target communities in the previous 12 months who reported their victimisation to competent authorities or other officially recognised conflict resolution mechanisms
16.3.2	Unsentenced detainees as a proportion of overall prison population in target areas
16.4.2	Proportion of seized, found or surrendered arms from the target areas, whose illicit origin or context has been traced or established by a competent authority in line with international instruments
16.5.1	Proportion of persons in the target communities who had at least one contact with a public official and who paid a bribe to a public official, or were asked for a bribe by those public officials, during the previous 12 months
16.5.2	Proportion of businesses within the target areas that had at least one contact with a public official and that paid a bribe to a public official, or were asked for a bribe by those public officials during the previous 12 months
16.6.2	Proportion of the population in target communities who are satisfied with their last experience of public services
16.7.1	Proportions of positions (by sex, age, disabilities status and population groups) in company compared to national distributions
16.7.2	Proportion of population in target communities who believe decision-making is inclusive and responsive, by sex, age, disability status and population group
16.9.1	Proportion of children under 5 years of age in the target communities whose births have been registered with a civil authority, by age
16.10.1	Number of verified cases of killing, kidnapping, enforced disappearance, arbitrary detention and torture of journalists, associated media personnel, trade unionists and human rights advocates in the target communities in the previous 12 months
16.B.1	Proportion/number of people in the target communities reporting having personally felt discriminated against or harassed within the previous 12 months

SDG 17 – STRENGTHEN THE MEANS OF IMPLEMENTATION AND REVITALIZE THE GLOBAL PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT

Possible company level indicators	
FINANCE	
17.3.1	Foreign company contribution to local FDI
TECHNOLOGY	
17.6.2	Fixed Internet broadband subscriptions in target areas, by speed
17.7.1	Total amount of approved company funding for developing countries to promote the development, transfer, dissemination and diffusion of environmentally sound technologies
17.8.1	Proportion of individuals within target communities using the internet
SYSTEMIC ISSUES - Policy and Institutional coherence	
17.14.1	Establishment of mechanism within company to enhance commitment to sustainable development
17.17.1	Amount in US dollars committed to public-private and civil society partnerships
17.19.1	Company contribution in US dollar made available to strengthen statistical capacity in developing countries
